We have called on her...name escapes me. Elizabeth? Anyway, she's very lucid when questioned by DMH. They won't touch her until she voluntarily goes. Now she won't. She leaved to go eat and use the bathroom. She doesn't use (from what we have observed.) She also leaves behind a suitcase in her spot sometimes which always strikes me...because if it wasn't her, then there is a suspicious suitcase with a bungie cord in front of a State building that houses elected officials offices.
